About Onionhead® and Company

The Onionhead® family feels that every person deserves the right to feel happy and safe. In order for that to be achieved, we believe we must learn how to navigate through feelings appropriately, no matter what the circumstances. In this world of global technology, children are exposed to things way beyond their age capacity. Therefore it is our responsibility to give them the tools they need in order to survive, protecting their innocence. Our printed material is made on either tree free or 100% recycled paper. We have laboratory certification that Onionhead® products are 100% lead and heavy metal free. Our products are proudly made in the U.S.A. We promise that whatever we put in the hands of your child, we would trust completely in the hands of our own. For additional information contact Lane Michel, (877) 693-9094, lane@onionhead.com.
